Statement of intent

This plan outlines the proposals of the Directors of Mount House School to increase access to education for students and pupils with disabilities in the three areas required by the planning duties in the Equality Act 2010.

1. Increasing the extent to which students and pupils with disabilities can participate in the school curriculum;
2. Improving the environment of the school to increase the extent to which students and pupils with disabilities can take advantage of education and associated services;
3. Improving information delivery to students and pupils with disabilities.

The Board of Directors also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities
- Ensure that employees with disabilities are supported with special provision to ensure that they can carry out their work effectively without barriers.
- Undertake reasonable adjustments to enable staff to access the workplace.

We are committed to providing a fully accessible environment which values and includes all students, pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The plan will be resourced, implemented, reviewed and revised in consultation with the:

- Parents of students/pupils
- Employees
- Board of Directors
- External partners
