

# WEEKLY BULLETIN

**w/c Monday September 23<sup>rd</sup> 2019**

## **Open Day – Saturday 28<sup>th</sup> September 9am-12pm**

A polite reminder that ALL STUDENTS, from Year 7 to Year 13 – many of whom have been trained as pupil ambassadors- should be present at our open day to act as guides and to help run activities in classrooms. The students should be here from 8.30am. We always receive very good feedback about our pupils from our visitors, and we look forward to seeing all our pupils here on the day. If you have any family, friends or neighbours who you think might be interested in sending their children to Mount House please do encourage them to come.

## **Science update**

Our Imperial College Science Competition entrants will be starting their projects on Tuesday after school - all welcome.  
Our Physics Olympiad team will be practicing on Friday lunchtimes - all welcome.  
Both can be signed up to on the school's system, SOCS.

## **Sports update**

The U13 Netball Team started the season with a 9 – 3 win against East Barnet School and look forward to their forthcoming fixtures. Well done girls!

## **Y7 teambuilding by Miss Smyth**

In true Mount House tradition, we look forward to our upcoming teambuilding trip on Monday 23<sup>rd</sup> September. The students will visit Lambourne End activity centre in Essex. We have used this site for the last 10 years and it always proves to be a valuable experience for our newest Mount House family members. The day is filled with challenges that will test their communication skills, physical skills and will pull the forms together as a team. In addition, this is also a fantastic opportunity for the students to get to know their form tutors and vice versa.

Days out like this, are part of our wider SMSC (Social, Moral, Spiritual and cultural) programme at Mount House school. We are dedicated to nurturing the whole person at our School and I look forward to many more days out with all our students at school this year.

The students will travel to school in their PE kits and lunch will be provided. We ask that all students to ensure that they bring any necessary medication in that they may require such as inhalers etc. The school will be normal length and we will return for the close of the school day.

I look forward to an adventurous and meaningful day out with our Year 7 cohort and the students will start to make memories and create lifelong friendships.
